

Business Requirement Document (BRD)

1. Project Overview

Project Name: Calisthenics Athlete Personal Website

Purpose: Create a digital presence for a calisthenics athlete. This will help communicate the athlete's brand to coaching students, sponsors, and fitness followers.

Audience: beginners, intermediate trainees, fitness enthusiasts, social media followers, potential sponsors, local gym partners.

2. Business Objectives

Promote the athlete and build their authority.

Present training programs, achievements, and contact details clearly.

Collect leads for online coaching.

Improve the athlete's visual profile with strong branding.

3. Scope

In scope

- One-page or small multi-page website with sections: Home, About, Skills, Programs, Gallery, Testimonials, Contact
- Responsive design for mobile and desktop
- Contact information and social media links
- Basic SEO-friendly title, meta, and content structure
- Training program descriptions and athlete story

Out of scope

- E-commerce payment gateway
- Full backend user registration system
- Complex custom CMS
- Live chat support

4. Stakeholders

- ❖ Athlete / Owner
- ❖ Students / Prospective trainees
- ❖ Sponsors and gym partners
- ❖ Web designer/developer

5. Business Requirements

1. Website should present athlete identity clearly.
2. Training offerings should be easy to understand.
3. Visitors must find contact details within one scroll.
4. Visual style should reflect energy, strength, and professionalism.
5. Website should load fast on mobile.

6. Success Criteria

- Website launched successfully.
- User can view key sections in under 30 seconds.
- Contact section is accessible from homepage.
- Design looks clean and motivating.
- Athlete can share website link on social media.

7. Constraints and Assumptions

Constraint: only basic HTML/CSS available in this workspace.

Assumption: athlete will provide photos, text content, and contact details.

Constraint: no advanced backend or database.

Assumption: website will be hosted on a simple static web host.
